Designer Silkscreens

Highly detailed illustrations, fun doodles, patterns and graphics. Designer silkscreens can be used on any craft surface including paper, fabric and ceramics. Screen with medium of choice- acrylics, glazes of any temperature, and fabric paint. Information and instructions can be found at www.mayco.com

AC-310 Silkscreen Medium is available in 4oz jar. When mixed with acrylics, ceramic glazes, fabric paint or other color, AC-310 Silkscreen Medium will thicken to a paste for screening crisp, highly detailed illustrations. Visit the Mayco channel on Youtube for instructional videos.

Ceramic Mayco Bisque form. Acrylics. Designer Silkscreens. Designer Stamps.

- Easy to apply.
- Reusable.
- Use with acrylics, ceramic glazes and other products.
- Screen size is 15" x 12"

1. Circle images with marker, then cut out with scissors.

2. Mix Mayco Silkscreen Medium (AC-310) with glaze to peanut butter thickness.

3. Apply mixture to surface with squeegee or finger.

4. Remove silkscreen and fire.

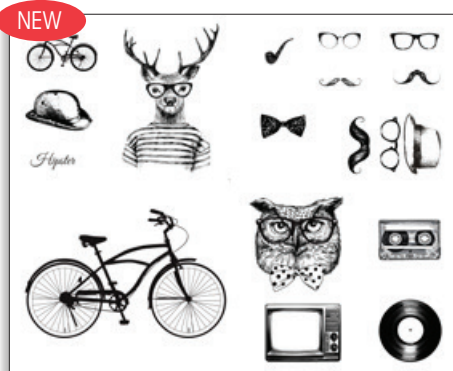

IMPORTANT: wash silkscreen after every use.

Designer Mats

Create design and surface decoration by transferring patterns with color or impressing into clay using Mayco Designer Mats. The flexible material allows for use on curved shapes without comprising design.

- Cover large areas with 7" x 9" mat
- Can be used horizontally, vertically, diagonally, or any direction you desire.
- Easy to clean, durable rubber
- Use with clay to create impressions where color can collect and pool. Peel off mat from clay by pulling up both sides simultaneously.

Designer Stamps

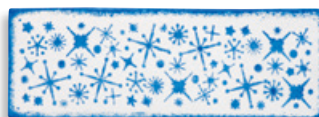

Mayco Designer Stamps create design for color and moist clay use. Acrylics or ceramic glaze is lightly applied to the stamp and pressed against your craft surface. Stamps can also be used to create outlines to which additional color can be added. The flexible material allows for use on curved shapes without compromising the design. Stamp dimensions are 2" wide and 6.75" long.

Easily add design and visual interest to your scrapbook, note cards and other craft creations.

Designer Stencils

Add creativity and fun to your artwork with Mayco's Designer Stencils. Easily create patterns by applying acrylics, textured paints, pastes, ceramic glazes or other decorating media on all craft surfaces. Can also use the stencil as a template to carve design into clay. These stencils are sturdy, yet pliable enough to wrap around a curved surface.

Use our Designer Stencils as a background to create a wallpaper-like effect or to showcase other art creations.

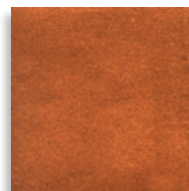

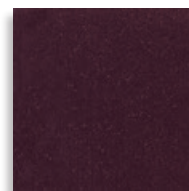

Magic Metallic™ is a water based acrylic that contains real metal particles. Use the metallics alone for vibrant metal finishes that will sparkle in the light. Or, combine the metals with Green Patina or Rapid Rust to create oxidation, producing the effects of metals left to the forces of the environment. Great for garden, home décor and interior design projects. Can be used on any paintable surface.

General Use

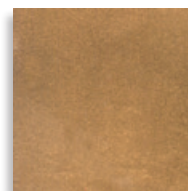

Shake Well: Use a brush or sponge to apply two or three coats of Magic Metallic on any paintable surface. If a patina or rust effect is desired, apply the appropriate oxidizer (Green Patina for Gold, Copper, Dark Bronze; Rapid Rust on Steel) by brushing, sponging, or spritzing while the Magic Metallic is still wet. Once the desired level of oxidation is achieved apply two coats of MM-502 Matte Sealer to stop the oxidation process. Clean up with water. If disposing oxidation products in a sink, be sure to flush with plenty of water as these products can oxidize metal sinks and drains.
