Flat Black

Intermixable

Create a custom color for specialized designs or extend your palette with just a few colors. Mix colors to create something new; use brushstrokes to blend colors and create shading.

Made for Ceramics

Softees® are highly concentrated (less water) than most conventional acrylic craft paints, so it takes fewer coats to get opaque, rich color. Opaque coverage can be achieved in one coat.

Softees® Pearls

Softees® Pearls are a water-based acrylic that creates a shiny luster finish.

SS112
White Metallic Pearl

SS113
White Iridescent Pearl

Non-Fired Snow

Non-Fired Snow is a water-based, acrylic paste that creates a white three dimensional and snow-like effects on stains or fired glazes.

AC523
Non-Fired Snow

Painting Techniques

Use non-fired products with stencils, sponges, stamps, dry brushing, tole and other decorative painting techniques.

Surface Textures

In addition to its use on non-fired work Non-Fired Snow can be applied on fired glazed surfaces. It can be used over other colors or directly applied to bisque. Non-Fired Snow can be tinted using any Softees® Acrylic Stain or Softees® Pearls.

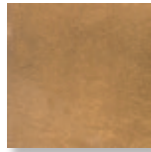

Finely ground metal particles suspended in an acrylic base creates “real” rust or patina finishes. Magic Metallics™ can be applied to almost any paintable surface.

MM305
Rapid Rust

Magic Metallic Kit

Magic Metallics™ acrylics are available in a **value priced** sample kit and includes all colors. Great choice for the classroom or studio.

MMKIT1 Contains 6 - 2 oz jars, one each of the following colors.

MM102 Copper Metallic
MM103 Dark Bronze Metallic
MM105 Gold Metallic
MM106 Steel Metallic
MM202 Green Patina
MM305 Rapid Rust

Magic Finishes

Magic Metallics™ is NOT a faux painting process, but an actual layering of metal particles. Apply Green Patina or Rapid Rust to oxidize the metal finishes. Magic Metallics™ can also be mixed with up to 20% acrylic paint to create new colors.

Dazzling Metallics®

Dazzling Metallics® can be used for solid coverage or detailing. Apply directly to bisque or over acrylic stains.

SS081
Shimmering Silver

SS087
Emperor's Gold

Brush-On Sealer

Brush-on Sealers are designed to provide a protective coating under or over dry acrylic paints and Magic Metallics™ colors. Water-based and water-resistant when dry. Available in AC501 Gloss and AC502 Matte finishes.

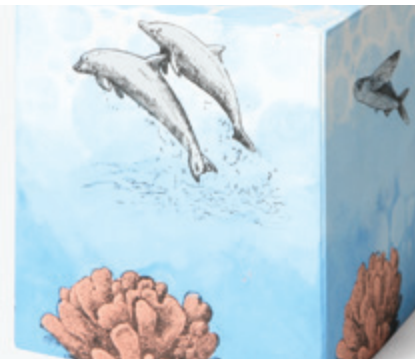

Variety of Surfaces

Non-fired products can be applied to almost any paintable surface: glass, wood, fabric, Styrofoam, paper, ceramic, and more.

Silkscreen Compatible

Combine all acrylic paint with AC310 Silkscreen Medium to transfer designs from Designer Silkscreens.

Duncan® Sparklers™ Brush-On Glitter

SG880

Crystal

SG881

Glittering Silver

SG882

Glittering Gold

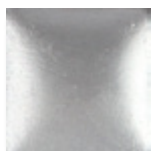

Duncan Sparklers™ are non-toxic, premixed glitter paints that won't flake or rub off of your project. Permanent on almost every craft surface. No sealer required.

Duncan® Ultra Metallics™

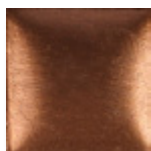

UM951

Solid Gold

UM956

Silver

UM953

Bronze

Duncan Ultra Metallics™ have the depth and realism of actual metals. They will not tarnish and are self-sealing.

Duncan® No Fire Snow

AS964

No Fire Snow

AS974

Glittering No Fire Snow

Dimensional, white decorating products that may be used for creating realistic snow effects and raised textured effects on non-fired and fired glazed surfaces.

Duncan® Accessories

Thin n' Shade

AS957 Thin 'n Shade is a water-based medium that can be mixed with any water-based ceramic color, fired or non-fired. Allows colors to remain workable longer and is an excellent problem solver in areas where the water system contains contaminants that can affect ceramic color results.

Brush-On Sealers

Brighten and protect your projects with Brush-On Sealers. Sealers produce a smooth, hard coating on your non-fired projects and provide the same excellent results as ceramic spray sealers. Available in AS954 Matte and AS953 Gloss finishes. Dries quickly to invisible finish.

It's a Match!

Mayco and Duncan products are highly compatible and make for easy pairings. They compliment each other with ease and can be used in combination for great effects. Expand your palette with new possibilities.
